REQUEST FOR COURTHOUSE DOG

You may be aware that our previous Child Support Director, Joy Hogan, trained service dogs. She had a dog at the courthouse every day for as long as I can remember. Last week, Deputy Ron Ripley brought his family dog to the courthouse. Katie Ripley, my assistant, had the dog in our office for a bit of time while Ron interviewed a young child at the D.A.'s office. I can tell you seeing that dog made my day after a rather difficult hearing. I had an opportunity to see every person that came to the window, immediately smile when they saw "Chet" at the door wagging his tail. Deputy Ripley took Chet and the young boy outside so they could play with the dog. This helped the child become calmer and more open when discussing his situation with Deputy Ripley.

Racine County purchased a courthouse dog recently. Studies show that dogs are a calming influence in schools, airports, hospitals, nursing homes, courthouses, etc. Minnesota has more than one dog in Hennepin County. They use the dogs for a calming presence during forensic interviews, assist with nervous witness testimony in the courtroom, or just be a calming presence in the courtroom.

I would like to propose that Oconto County have a courthouse dog. My Husband and I would purchase the dog. We would be the handlers. The dog would reside with my family and come to work with me every day. Upon completion of training, which is an approximate two year commitment, the dog could be used and available upon request for difficult forensic interviews, as well as our designated "courthouse" dog. This is a working dog, not a pet. Much like a police dog which serves an enforcement purpose, this dog would serve to calm emotional situations, which may aid in better testimony in and out of the courtroom. My husband is retired and can be available for on-call purposes, if I am not, when that time comes.

This request is being made of you because Oconto County currently has a policy regarding allowing service dogs in our buildings and on the grounds. Therapy/courthouse dogs are not contemplated in the current policy. Allowing a courthouse dog would require a change in the current policy located in the Public Facilities Handbook.

Additionally, if you would allow me to begin the purchase and training of the dog, I would request a budget not to exceed \$2,000 to assist in the cost of the training and care of the dog. In the event, the dog would wash out of training, and not be appropriate to work in the courthouse, I would reimburse the County for any costs.

Per the Public Facilities Handbook Revised April 21, 2022 page 12.

XIV ANIMALS IN BUILDINGS AND ON THE GROUNDS

A. Dogs (except service dogs and K9) and other mammals, birds, and reptiles are not permitted in any County building or structure; and, if found, are subject to impoundment. Any person who walks an animal on public areas shall be responsible for the prompt collection and disposal of the solid waste excreted by that animal.

B. Service Animals are permitted in County buildings. Service animals are defined by the Americans with Disabilities Act as “dogs that are individually trained to do work or perform tasks for people with disabilities.”

a. The work or task a dog has been trained to provide must be directly related to the person’s disability. When it is not obvious what service an animal provides, only limited inquiries are allowed. Staff may ask two questions: (1) is the dog a service animal required because of a disability, and (2) what work or task has the dog been trained to perform. Staff cannot ask about the person’s disability, require medical documentation, require a special identification card or training documentation for the dog, or ask that the dog demonstrate its ability to perform the work or task.

b. Emotional support animals and therapy dogs are not defined as Service Animals and are not permitted in any county building or structure.

C. Service dogs in training are allowed but subject to approval of the Property & Technology Committee, the employee’s respective home committee, and to the following restrictions:

1. Must be properly controlled and confined. Proper confinement shall consist of a kennel or a leash of sufficient strength to restrain the dog held by a person competent to govern the behavior of the dog.
2. Their presence does not jeopardize the safety or sanitation of county facilities or the safety of others.
3. Must be properly licensed and vaccinated under the laws of Wisconsin and tags indicating such license and vaccination shall at all times be attached to the collar of the animal.
4. Service dogs in training must be identified by a scarf or jacket worn by the dog that identifies which program the dog is being trained for.
