AODA Services & Treatment	Listed below are the different types of AODA services & treatments. Look for these terms on the following pages and the agencies that provide them.
Aftercare	One-time weekly group therapy (16-32 weeks) facilitated by a therapist, typically following an intensive outpatient or residential treatment.
Assessment	Meet with an AODA counselor, who will ask and answer questions about your alcohol/other drug use, plus give recommendations about the appropriate level of services.
Co-Occurring Disorders Treatment Services	Services that address both AODA and mental health issues.
Day Treatment	Meets during the day more than 12 hours per week, allowing you to return home in the evening.
Group Therapy	You meet with others who share similar issues in a group context 1-3 times per week. Groups are facilitated by a therapist.
Individual Therapy	You meet one-on-one with a therapist.
Intensive Outpatient Therapy (IOP)	Meet up to 12 hours per week for group therapy (average 9 hours, 3hours/3 times per week).
Medically Monitored/Managed Inpatient Treatment	24/7 treatment in a hospital-like setting. Medical staff can administer medication and provide medical evaluations/care.
Relapse Prevention	If you attended treatment in the past and have relapse history, this group therapy focuses on relapse triggers, warning signs, and making a relapse prevention plan.
Residential Treatment	24/7 treatment in a non-medical, home-like, unlocked environment.
