

“Central Cluster”

Intergovernmental Cooperation Workshop
April 9, 2008, Breed Town Hall

Land Use Issues and Conflicts/Positive Working Relationships

- Agriculture operations
- Transportation infrastructure
- Cooperation with ATV/Snowmobile Clubs
- Senior meal delivery available throughout the county
- Increasing communication through future planning meetings
- Inability to recruit volunteers to provide emergency services
- Population growth in the southern part of the county
- Growing elderly population in the northern areas of the county and the need to plan for appropriate services
- Continue to plan and address issues
- Regulations to apply weight limits on agriculture equipment like what is done on commercial vehicles
- Sex offender registrations not being done
- Municipalities participating in joint spring clean-up efforts
- Not enough designated sites for public hunting
- The need for regulations to limit garbage being dumped in the county forest
- Future developments should have proper sanitary systems
- Maintain compatible comprehensive plans with neighboring communities
- Notices not being forwarded to other parties within the individual communities
- Compatible and enforceable ordinances
- Zoning notification (i.e. use of residential district)
- Renewable energy opportunities
- More agreements with other communities and supported with county assistance
- Random discarding of tires
- Oconto County and Local websites
- Burning barrels
- Empty mobile homes
- Junk yards
- Community development should be shared to save resources
- Agriculture land should be saved-preserved
- Need more parks and recreation
- Bordering issues need to be resolved among communities and the county
- Deputizing of board members, etc. to be able to hold people who litter on town and forestry roads until police arrive
- The county planning committee that hold meetings for zoning permits don't listen to the people
- Quarrels between existing and establishments (homes) and new dwellers
- Large farms depleting aquifers

OCONTO COUNTY MULTI-JURISDICTIONAL PLANNING PROCESS

- Lack of knowledge of school district boundaries when people buy property and build homes, especially a problem with sub-divisions located in two districts.
- The need to allocate more land for recreation, such as base ball diamonds. No communication between schools and towns.
- People do not care what is going on unless it directly impacts their property
- One hand does not know what the other hand is doing
- Clarification of road maintenance between townships
- County police works well
- Ambulance sharing well
- County ordinances for wind turbines and signage
- Monitoring the need for upgrading and expanding sewer system
- Joint planning within the incorporated communities' extraterritorial boundary
- Rural sprawl will increase the need for law enforcement services within those areas
- Demand for law enforcement services will necessary cause the withdrawal of some law enforcement resources from performing ancillary functions.

Potential Resolutions:

- Expand and further promote county and local websites, posting of more agendas, materials, etc.
- No tipping fees for volunteers who pick-up garbage
- The availability of land for economic development
- More communication between all entities
- Better distribution of information both internally and externally
- Continued mutual aid of fire/rescue, etc.
- Compatible lot sizes with neighboring communities
- Enforce regulations equally and fairly
- More planning meetings of this type to bring different peoples and ideas together
- Greater communication between residents and town officials
- Consolidation of fire departments
- Communication with school district
- County consolidation of landfill and recycling rules
- Consolidation of townships and courts
- Boundary agreements-developments, road maintenance
- Downtown Main Street beautification in conjunction with the State Highway 22 upgrades planned for 2012.
